SCORING

- 9 – 12** Include on recommended itinerary for the RV route. Businesses scoring at this level should be ambassadors for the RV route, and should be consulted each year on the route's development and maintenance.
- 5 – 8** Ideal alternate, or recommended, depending on the total number of highly ranked businesses on the route.
- 1 – 4** Not on the recommended route. Further development of accommodation should be undertaken if this establishment wishes to attract the RV market.
