Destination Ontario is the tourism marketing agency for the Government of Ontario, mandated to position Ontario as a preferred global destination. Through impactful marketing, our job is to **inspire consumers to visit our website and connect them directly to you.**

Promote your **business, festivals and events, and packages each with a FREE listing** on our consumer site, ontariotravel.net, and gain leads for your tourism business. A listing features a large image, description, Google mapping functionality, social media channels, a link to your website and more.

Ontariotravel.net, the official tourism website for travel in Ontario, reaches global consumers. The portal's robust content of editorial and listings presents a wealth of diverse experiences and destinations that Ontario has to offer. Listings are used to develop itineraries in our digital Trip Planner tool and are presented via the website on the digital touch screen kiosks in the 20 ONroute Service Centres along the highway 400/401 corridor. The website is also the main source of information used by our Ontario Travel Information Centre staff, the 1-800-ONTARIO contact centre (OTIC) and online chat agents.
